School board okays tax raise to purchase classroom trailers

By BRENDA HEATHCOCK

In spite of protests by various area residents, city officials and concerned citizens, the Bay St. Louis Municipal School Board voted Thursday to buy six new classroom trailers.

To fund this purchase, the board voted to levy additional millage since the city of Bay St. Louis refused to turn over \$350,000 recently approved for kindergarten classroom construction.

The board will borrow against the expected tax revenues to actually pay the \$134,796 for the trailer units, which are expected to be delivered to Hancock County in August.

"I believe there are more viable and less costly ways to get temporary classrooms than the use of trailers," Bay resident and real estate agent Tyson McMahon told the board.

Trailers create an image for

visitors in the county that is very detrimental to future growth, he added.

"I believe you board members are more concerned for the administrative personnel than for the children," McMahon said.

Bay Mayor Victor Frankiewicz Jr. also spoke against trailers, which he claims are too expensive, not durable, costly to insure, heat and cool and vulnerable to hurricanes.

"Even if the money fell from the sky or was given to the board; buying trailers is not a wise investment," Frankiewicz said.

There are many people who believe buying trailers is the least desirable way of finding space to house 150 kindergarten students this fall, he added.

Frankiewicz said the school district is going to need a major bond issue soon to repair and

enlarge several schools in the area and will need the support of the public.

"I believe buying trailers is a gross breach of trust with the public when there is not even a smattering of support for them," he said.

Superintendent Roger Oge, whose term begins Tuesday, also voiced his opposition to classroom trailers but was not allowed to speak until after the vote was taken.

"I had assumed I would be called upon on the matter of temporary facilities...but instead they have just been dropped in my lap," he said.

Oge referred to the trailers as illegitimate facilities.

"I have heard words of harmony but if what I see here today is a precursor of things to come we are indeed headed for difficult times," he added.

Oge also said that the June 26 decision would be recalled as the

cause if the school districts ran short of funds before tax revenues were received next year.

Also at the meeting, two separate motions to prepare a lawsuit to force the city to turn over the \$350,000 to the board were defeated.

City Clerk Edward Favre told the board he could be guilty of a felony if he participated in any way of diverting the funds from the authorized use, new construction.

He quoted from the state statute dealing with diversion of the proceeds from a bond saying these could not be used for any "other purpose than which such bonds were authorized to be issued" and any official doing so could be punished by imprisonment and personal liability for the amount so diverted.

"I personally don't have five years to spend in the state penitentiary or \$350,000 to replace the funds," Favre said.

SURPRISE PARTY—Judge J. Ruble Griffin, left, was honored at a surprise party Friday at Harrison County Courthouse in Gulfport. Mrs. Griffin is at the judge's left. The party was hosted by staffs of Hancock, Harrison and Stone County chancery and circuit court clerks, sheriff's departments, and attorneys for Griffin who will become a Mississippi State Supreme Court justice in ceremonies at Hancock County Courthouse in Bay St. Louis at 11 a.m. on Tuesday. The public is invited to the installation and a reception to follow at the Clement R. Bontemps American Legion Post No. 139's home on Green Meadow Road, Bay St. Louis. (Staff photo by Ellis Cuevas)

Planning Commission slates hearing on hospital zoning

By BRENDA HEATHCOCK

The Bay St. Louis Planning and Zoning Commission intends to discuss hospital-area zoning, reduced residential lot sizes and regulations for accessory structures at a public hearing Wednesday, July 23.

At this hearing, the commission will present for public comment a proposed amendment to city's zon-

ing ordinance. This amendment creates a new zone to be called Medical Commercial.

Under consideration for this new zone is property adjacent to the site of the new hospital which is currently under construction on US-90 near Drinkwater Road.

This area includes all property fronting on Drinkwater Road and

some frontage along Green Meadow Road, which runs behind the new hospital site.

The commission believes this new zone is needed to allow support services to locate near new hospital.

The Gulf Regional Planning Commission has assisted the commission in the study of the area for the proposed new zone and in determining uses to be allowed.

Proposed allowable uses for the new zone include medical, chiropractic, dental, psychiatric and psychological clinics; dentists and physicians offices; medical and dental laboratories; and all uses permitted in a single-family residential district.

Also included in the amendment are restrictions for signs advertising these business and requirements for a six-foot solid fence on a boundary line of the property which is adjacent to a residential zone.

The commission is proposing a 25-foot front setback but there is no minimum lot size requirements or side and backyard setbacks unless it the property abuts another district.

Other zoning changes to be discussed include the reduction of the current R-1 residential zoning which requires a lot size of 15,000 square feet to 12,000 and R-1a requiring 12,000 to 10,500.

In addition to zoning changes the commission will discuss changes for the setbacks currently required for accessory buildings including garages and storage sheds.

With recent strict enforcement of setback requirements many area residents have found the setbacks to be difficult to meet.

The board's next regular meeting will be Tuesday, July 15.

Griffin's installation to take place Tuesday

By ELLIS CUEVAS

Gala ceremonies are planned at the Hancock County Courthouse on Tuesday for the swearing in of J. Ruble Griffin of Bay St. Louis as Mississippi Southern District Supreme Court justice.

Administration of the oath of office will be at 11 a.m. followed by a reception at the Clement R. Bontemps American Legion Post No. 139 home on Green Meadow Road in Bay St. Louis.

The festivities are sponsored by the elected officials of Hancock County, cities of Bay St. Louis and Waveland, Hancock County Bar Association, and friends.

Judge Griffin is a member of the Bay St. Louis American Legion post which will host the reception following the installation.

Judge Griffin was appointed by Governor Bill Allain two weeks ago to fill the unexpired term of Southern District Supreme Court Chief Justice Neville Patterson, who announced he would retire on June 30.

Judge Griffin won the Democratic nomination to the Supreme Court in a close June 3 race against Laurel attorney Jon A. Swartzfager. There were no Republicans qualifying for the position.

Judge Patterson's term was to run through December 31, 1987.

Mississippi Supreme Court Justice Harry Greg Walker will issue the oath of office to Griffin. Justice Walker will become the state's chief justice on July 1 upon Justice Patterson's retirement.

Walter James Phillips, Mississip-

pi House of Representatives, District 122 of Hancock County, will emcee the installation ceremonies.

Judge Patterson announced that he would not seek reelection as circuit court judge.

A 20-member judicial nominating committee will interview applicants for Griffin's circuit court position and make as many as three recommendations to Governor Allain who will make the appointment.

Primary elections for circuit and chancery court positions slated for June 3 were halted by federal judges pending a full hearing on whether Mississippi's judicial district lines are drawn to dilute black voting strength.

An October decision is scheduled to be made in October by the federal

judges on the circuit and chancery district lines.

Bay St. Louis attorney William Frisbie, a Republican, and three Democratic candidates qualified for the June 3 nomination to fill Griffin's vacant circuit court seat. The Democrats are Coast lawyers John C. (Sonny) Johnson of Gulfport, William A. (Bill) Pate of Saucier, and Jerry O. Terry of Biloxi.

On Thursday, the Hancock County Board of Supervisors proclaimed

Tuesday, July 1, as "Honorable J. Ruble Griffin Day."

Among the special guests for the installation ceremonies of Griffin scheduled are United States District Judge Dan M. Russell, formerly of Bay St. Louis; United States Federal District Judge Walter Gex III of Diamondhead; Honorable Joseph R. Meadows, president elect, Mississippi State Bar Association; Circuit Court Judge Fred Wicker of Pontotoc, chairman, Mississippi Circuit Court Judges Conference; former Mississippi Governor J.P. Coleman, and other state officials.

Dr. Nathan Barber, pastor, First Baptist Church, Bay St. Louis will give the invocation with the benediction by Msgr. James Peter McGough, pastor of Our Lady of the Gulf Church.

Enrobing will be performed by Mrs. Ruth Lollar Griffin, and Mrs. Martha Griffin Thompson.

The public is invited to the installation and reception.

Judge Griffin, a native of Webster County, indicates he will continue to make Bay St. Louis his home.

EROSION CONTROL—From left, Hancock County Engineer Larry Seal, Douglas Stevens of Hancock County Soil Conservation Service and Beat Three Supervisor Roger Dale Ladner stand in a nearly dry creekbed to inspect a recently completed erosion control project. The project, which consisted of regrading the banks of two arteries of Bayou LaTerre and adding riprap, concrete gravel and filter fabric to stabilize the streambeds and reduce the danger of erosion to two bridges on Lawrence

Ladner Road, was financed by an 80 percent grant from the U.S. Department of Agriculture Soil Conservation Service and \$26,000 in matching money from Beat Three Road and Bridge funds. The grant was provided after Hurricane Juan, Stevens said. Contractor for the project was Dunco, Inc., of Prentiss. Final inspection by Soil Conservation officials is scheduled this week. Single vehicle accident kills one

BY DENA BISNETTE

A 29-year-old resident of the Ladner Community has been killed in a one-vehicle accident on Cable Bridge Road in Lizana.

Robert Curet, son of Otis Curet and Louella Curet of Ladner Community, was pronounced dead at the scene by Harrison County Coroner Steve Delahoussay, according to a spokesperson for the Harrison County Sheriff's Department.

Curet apparently lost control of the 1980 Chevrolet Citation he was driving and was killed after the vehicle ran off the road and turned over on its side.

The cause of the accident, which occurred about 5:30 a.m., is still being investigated.

Survivors include two sisters, Sandy Ladner of Ladner and Brenda Ladner of Waveland.

Parish slates weekend fair

Parishioners of St. Rose de Lima Catholic Church in Bay St. Louis this week will complete preparations for their 60th annual fair.

Traditionally staged as an informal 'homecoming' during the Fourth of July holiday weekend, this year's event is scheduled to open with a dance Thursday evening.

The program will continue Saturday and Sunday. No fair events are scheduled on Friday, July 4.

Thursday's disco dance is slated from 9 p.m. at the Disabled American Veterans Hall on Union

Street.

Rhonda Labat is dance coordinator. For information call 467-3732.

Softball games are scheduled from noon Saturday on the St. Rose Ball Field, and local officials are expected to participate in a ribbon cutting ceremony to formally open the fair at 7 p.m. Saturday.

Softball games continue from noon Sunday, as well as operation of concession stands, booths, and sale of seafood specialties and other foods.

Man wounds relative mistaken for car thief

BY DENA BISNETTE

No charges have been filed in connection with a Friday shooting incident in Spanish Acres Subdivision in Bay St. Louis.

The man who fired the shots, Ngoc T. Nguyen, 33, of 600 Spanish Acres, told authorities through a Vietnamese language interpreter that he believed he was shooting at a car thief. Bay St. Louis Police Investigator David Murtagh said.

The man Nguyen shot twice in the back with a .22 caliber gun turned out to be his brother-in-law, 28-year-old Vangtan Dao.

According to Murtagh, Nguyen had recently had his vehicle stolen and believed the thief had returned when he saw someone in his wife's car at about noon Friday.

Dao told authorities he was attempting to get something out of the car. After being shot, he ran to the nearby home of Hancock County Sheriff Ronald Peterson, where Mrs. Peterson summoned authorities, the investigator said.

He added that Dao received minor injuries and was taken to Hancock General Hospital, where he was treated and released.

Louisiana man arrested in assault on brother

BY DENA BISNETTE

A Louisiana man has been jailed in Hancock County in connection with a Wednesday morning stabbing incident in Shoreline Park.

According to Hancock County Sheriff Ronald Peterson, Steven John Hupp, 31, of Arabi, La.,

allegedly stabbed his brother, David Hupp Sr., 34, with a pocket knife.

Steven Hupp was charged with aggravated assault. Bond has been set at \$10,000.

Investigator Glen Strong said the stabbing, which occurred at the Shoreline Park residence of David Hupp, apparently occurred during an argument that developed after Steven Hupp allegedly punched his brother's teenage son.

THE ABUNDANT LIFE IS A SEPARATED LIFE

By W. Edwin Kearley

Separation is both positive and negative. In the Roman letter, we read, "Paul, a servant of Jesus Christ called to be an apostle, separated unto the gospel of God, (which he had promised afore by his prophets in the Holy Scriptures)." (Rom. 1:1-2)

This is a positive separation. Paul was "separated unto the gospel of God." A negative separation is to come out from anything contrary to the perfect will of God. (II Cor. 6:17)

To be separated means to be sanctified (set apart) for salvation and service. The word of God has the power to separate the believer from sin. (John 17:17)

The Psalmist said, "Thy word have I hid in mine heart, that I might not sin against thee. (Ps. 119:11)

God, through his word, has the power to separate until death or unto the "coming of our Lord Jesus Christ." (I Thess. 5:23)

God has the power to separate the believer unto righteousness, "not having spot or wrinkle." (Eph. 5:24-27) Through the gospel, God, the Holy Spirit has the power to separate the believer unto salvation and service.

Paul said, "...because God hath from the beginning chosen you to salvation through sanctification of the Spirit and belief of the truth: whereunto he called you by our gospel..." (II Thess. 2:13-14)

Sin separates man from God. (Isa. 59:1-2) The abundant life cannot be enjoyed, until one separates from sin. This is made possible by the death, burial and resurrection of our Lord and Savior Jesus Christ.

Paul says, "In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace." (Eph. 1:7)

The abundant life is a Spirit-filled

life. The Holy Spirit dwells in every baptized believer. Hear the conditions and promise from Peter, "...repent and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Spirit." (Acts 2:38)

Paul taught, "And be not drunken with wine, wherein is excess; but be filled with the Spirit." (Eph. 5:18)

The Christian "filled with the Spirit" may have joy by:

1) Singing and making melody in his heart and giving thanks to God in Jesus' name. (Eph. 5:19-20)

2) Giving one's self in service. As seven men were chosen to serve the benevolent needs of the neglected Grecian widows in Jerusalem, Christians can so serve today. (Acts 6:3)

3) Telling, as the apostles were witnesses of Christ, the old, old story of Jesus and his love. (Acts 1:8)

4) The Christian will be able to face the hour of persecution as Stephen did. (Acts 7:54-60)

5) "Walking in the Spirit." (Gal. 5:16)

This means he will conduct his life in keeping with, the Spirit of God in the Word of God.

6) Being led by the Spirit. (Rom. 8:14) He is led by the teaching of the Spirit in the word of God. The Christian is to be studious. His study must be in the Word of God. (Rom. 10:17)

The abundant life is a mature life. Peter wrote, "But grow in the grace and knowledge of our Lord and Savior Jesus Christ..." (II Peter 3:18) There is no substitute for the study of God's word.

May we ever remember the words of Paul, "Wherefore come out from among them and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you, and I will be a Father unto you, and ye shall be my sons and daughters." (II Cor. 6:17-18)

Pass Gospel school slates homecoming

Hundreds of former students, singers and lovers of gospel music are expected to gather in Pass Christian for the 29th annual all-day singing and homecoming at Gospel Singers of America Building on East Scenic Drive.

The event will be combined with the closing of the organization's music school, Friday July 4 beginning at 10 a.m.

Special singers will be the students in the school and visiting singers, also featuring the Crosswhite Family; Ward Hurt and the Gospeltone Quartet; The Vise Family; The Mason Family; several school quartets and trios and others.

Singing will be under the direction

of Videt Polk, president of Gospel Singers of America, assisted by the teachers in the school.

The singing and dinner are free to all. Visitors are asked to bring a basket lunch to spread in the cafeteria at the noon hour.

Bay clinic files suit to block new state law

New Woman Medical Center in Bay St. Louis is among five doctors and abortion clinics that filed suit in federal court Friday in an attempt to block a new state law limiting the rights of juveniles to obtain abortions.

The law is scheduled to take effect July 1 and requires that girls under age 18 obtain parental consent or court permission before having abortions.

The clinics and doctors are being represented by a group of Jackson attorneys and the American Civil Liberties Union.

According to Hilary Chiz, Mississippi director for American Civil Liberties Union, the suit contends that the new law will run counter to a current law that allows minors the right to obtain certain medical health procedures without parental consent, including services related to pregnancy and childbirth.

Power company plans service interruption

Mississippi Power Company has scheduled an interruption of electric service in Bay St. Louis Tuesday from 9:30 to 10:30 a.m.

The outage will affect customers on Bay Oaks Drive between Central Avenue and South Beach Boulevard, Third Street from Bay Oaks to Chantilly Terrace including Chantilly Terrace, and Bienville Drive to South Beach Boulevard.

Bernard Jacob, supervisor of the Bay St. Louis operations for the company, said the outage will result from crews rearranging circuits in the area.

In case of inclement weather the work will be rescheduled for Wednesday at the same times.

Holiday schedules reported

Garbage collection in Waveland will be adjusted due to the Fourth of July holiday, but Bay St. Louis schedules will not be affected, city officials report.

Waveland garbage routes usually run on Fridays will be collected this week on Thursday and collections usually made on Thursday will be made on Wednesday, according to City Clerk Arcelyn Dastugue.

Dry trash collection are cancelled this week, she said.

Waveland City Hall offices will be closed Friday, July 4 and will reopen Monday, July 7, she added.

Waveland Police and Fire Department personnel will work normal schedules through the long weekend, with a Utility Department crew available for emergencies, Dastugue said.

In Bay St. Louis, city hall coordinator Laurie Byrd said all city hall offices will be closed Friday through Sunday, but garbage collections by Gulf Coast Waste Disposal are expected to be made at the usual times.

All-State Band to train at PRC

POPLARVILLE— Pearl River College will be the training site for the elite Mississippi Lions All-State Band June 30 through July 11.

The group includes Craig Adams and Carl Major of the Bay High Tiger Pride Band.

According to PRC Band Director Archie Rawls, the All-State Band has chosen to rehearse on the River campus for this year's Lion's International Parade held in New Orleans.

The band will also perform a concert at 2 p.m. Sunday, July 6 in the Marvin R. White Coliseum on the PRC campus.

"We're very fortunate to have this fine group of musicians on our campus," Rawls said. "Being a former member of the band, their being here holds a special significance for me."

The Lions Band is comprised of 127 of the top high school musicians around the state. Students must undergo a rigorous audition schedule in order to be chosen for this select group, Rawls said.

A very long holiday weekend is coming up and there should be many motorists on our highways and waterways.

It is hope that everyone will use good judgment and be extremely careful.

Statistics show that drinking and driving are a big contributor to accidents. This also includes operating a boat while drinking.

If you drink, please do not drive.

A group of workers were busy Saturday morning cutting the grass in preparation for the Second Annual Crab Festival scheduled for July 3-6.

We know that Co-chairmen Joe Monti, Bill Monti and Dr. Sidney Chevis have been very busy over the last year planning for this big event.

The festival will be held at the intersection of US-90 and Beach Boulevard in Bay St. Louis.

We really enjoyed the many foods at the festival last year in addition to the many craft displays.

The festival is a fund raiser for Our Lady of the Gulf Catholic Church and involves the work of many volunteers.

This is the weekend to get your fishing tackle ready for next weekend's big Annual Deep Sea Fishing Rodeo.

It will be held in Gulfport July 3-6 with some very big prizes for the largest fish in many salt and fresh water categories.

We hope you catch the big one.

Don't forget the big celebration scheduled for Tuesday at the Hancock County Courthouse scheduled for 11 a.m.

J. Ruble Griffin of Bay St. Louis will be installed as a Mississippi State Supreme Court Justice.

A reception will follow the installation at the Clement R. Bontemps American Legion Post No. 139's home on Green Meadow Road.

Many officials are scheduled to attend the event and it is open to the public.

STATE RANKS 10TH IN BUSINESS CLIMATE

Mississippi is ranked 10th among the 48 contiguous states for its climate for attracting business, according to a new report published this month.

The 7th Annual Study of General Manufacturing Climates of the 48 Contiguous States of America, published by Grant Thornton, accountants and management consultants, cites Mississippi as one of the top 10 business climate states for the seventh consecutive year. The State Department of Economic Development noted that Mississippi is the only state to remain in the top 10 every year the survey has been conducted.

The survey is based on 22 factors selected by manufacturers as important to business success as ranked by 36 state associations. The most important factors in the ratings are wages, unionization, energy costs and quality of life, including education, health care, recreation, employment and training, infrastructure and cultural activities.

Mississippi fell from 6th to 10th this year, the report said, because of increased unionization and problems in agriculture and the textile industry. The states rated ahead of Mississippi are, in order, South Dakota, Utah, Nebraska, Arizona, North Dakota, Florida, North Carolina, Georgia, and Kansas.

The conclusions of the report closely parallel several trends and programs we have initiated in the past two years in our own Department of Economic Development.

During this period, we have created a net 50,000 new jobs by working to expand existing industries within our borders and focusing on the needs of small businesses. By working with the state and private industry, we have

created a climate for the private industries to create the jobs. The report stated that these actions are the trends in manufacturing; pursuing expansions instead of "smokestack chasing," aiding small business development, and increased public/private partnerships.

I want to share with you some of the specific comments of the report on these matters:

"Five years ago, state governors regularly led reconnaissance missions on a world-wide search for industries willing to relocate within their borders. No journey was too long, no obstacle too great, no incentive carried too high a price tag in the all-consuming drive to bring manufacturing plants back home. The press called it 'smokestack chasing.' Governors were criticized or glorified, depending on the success of their missions.

"In the past two years, smokestack chasing has given way to nurturing homegrown businesses, a fundamental shift in emphasis certain to impact on the manufacturing climate ...

"What differentiates the smokestack chasing of five years ago from economic development initiatives of today is that governors no longer promise the moon to corporate executives. Also, investments in state infrastructures, such as highways, clean water, and waste-disposal systems, are being undertaken with an eye toward the needs of businesses already in the states, and on the future needs of new businesses."

While this report does not mean that we won't be chasing the Toyotas or Nissans when they want to locate in Mississippi, it does show that the trends we realized nearly three years ago toward nurturing your own plants to expand was the right course to take. By pursuing both, we can continue to create new jobs for Mississippians.

REVOLUTIONIZING FEDERAL HOUSING POLICY

The House of Representatives has set the stage for a revolution in the administration of federal public housing policy.

The housing bill adopted by the House on June 12 provides the opportunity for public housing residents to become more involved in the management of their housing project and, more important, the opportunity to obtain equity or ownership of their own housing units.

Tenants would be permitted to manage the public housing projects they occupy through the provisions of a key amendment to the annual authorization bill which was approved by a wide margin. The amendment would fund training programs for residents and allow tenant management groups to use any savings for self-help programs.

The bill approves the sale of the country's public housing units to the tenants living in them for 25 percent of market value. If the measure becomes law, up to 24 percent of the nation's estimated 1.4 million public housing units could be bought by tenants. These units have an estimated typical value of \$48,000 each, although values vary greatly by region of the country.

At the same time, the housing bill halts nearly all construction of new public housing and requires that the \$860 million in 1986 funding originally designated for construction of new public housing units be used instead for repair and modernization of existing dilapidated units of public housing. The total funding for all the bill's programs is near a freeze of current spending.

The measure continues the Farmers Home Administration rural housing program which has been very important to Mississippi.

And, it would enable the Department of Housing and Urban Development to designate 100 federal urban and rural enterprise zones—including areas in South Mississippi—as eligible for state and local job-creating tax incentives.

There is no doubt in my mind that this bill would improve the living conditions of Americans now in existing public housing. If you provide the opportunity for people in any type of complex housing to be involved in its management, you will find that those facilities will be maintained in better and cleaner condition.

This legislation sends a signal that Washington intends to pursue ways to bring the American dream of home ownership to all Americans. When the federal government stops making decisions for people, and people start making decisions for themselves, we all are better off.

I strongly back this housing bill. There is no doubt that it could turn federal housing policy on its ear, but in so doing, move it in the right direction.

Fourth of July, an all-American holiday tradition

Faith in freedom and a belief in "self-evident" truths was so strong that 55 men took a risk 210 years ago.

They pledged their lives, their property and their future to a revolutionary concept of government that would ultimately change the world.

Measured by today's standards, they were radicals, these founding fathers.

To the British Crown, they were nothing short of criminals and traitors.

In the years before 1776, the idea of independence from England grew.

With a forced balance of trade, New World colonists became more and more dissatisfied.

They had carved a civilization out of a wilderness; they had survived, but prosperity was not possible under the English yoke.

With the enforcement of more stringent laws following the end of Britain's long war with the French, resentment grew.

Colonists became more vocal in their objections to the tyranny of the Sugar Act of 1764, the Stamp Act of 1765, and the Tea Act of 1773.

A sense of loyalty to the land and its people on this side of the Atlantic took root.

American patriotism was born.

Richard Henry Lee of Virginia introduced a resolution to the Continental Congress in June, 1776 that these "United Colonies are, and of right ought to be, free and independent states."

Within a week, Thomas Jefferson had penned what was to become one of the world's most famous documents, the foundation of a new concept of government.

Jefferson wrote the first draft, and though minor changes were made, the Declaration of Independence was the work of this one man.

If George Washington is known as the "Father of this Country," by virtue of his position as first President of the United States, then Jefferson's inspired pen must be called the instrument of birth.

It was the first time in history that the principles of freedom, equality and justice for all citizens was the basis for forming a new government.

Such phrases as "life, liberty and the pursuit of happiness" were not idle words to inflame a crowd, but words that would guide and direct a new nation through history.

Fifty-five men had the courage to sign their names to the Declaration

of Independence, representing 13 colonies.

Their act made revolution an instrument of honor and dignity for the benefit of mankind, not one of bloodshed for the political aims of a few.

Samuel Adams, John Adams, Thomas Jefferson, Benjamin Franklin and John Hancock are familiar names, but there were 50 others whose names have faded from memory in two centuries.

They were not extraordinary men but they believed in Jefferson's words.

They signed their names and changed the course of history.

Thomas Paine, an eloquent writer in those long years of struggle, put into words the patriotism that would mold the 13 colonies into "one nation under God."

Six months after the signing of the Declaration of Independence, Paine wrote these well-remembered and often-quoted words:

"These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands it now, deserves the love and thanks of man and woman. Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph."

"What we obtain too cheap, we esteem too lightly; 'tis dearness only that gives everything its value. Heaven knows how to put a proper price upon its goods, and it would be strange indeed, if so celestial an article as freedom should not be highly rated."

America's greatest patriotic holiday is steeped in the history of this country.

A young nation by most standards, The United States of America today stands as the oldest continuous democracy in the world.

Consider the blessings of freedom and democracy.

In England in 1215, the Magna Carta set down the most basic of all liberties—the right of the individual to due process of law.

Individual liberty was a part of the fundamental law. We believe that the combination of these two concepts, namely freedom and democracy, is the best system man has or is likely to devise.

However, it can be maintained only if we jealously guard it always.

Fourth of July celebrates the birth of our great nation and its triumphant struggle for independence.

We are 210 years old. Happy birthday to the greatest nation in the world—The United States of America.

Troopers bracing for holiday

JACKSON—Mississippi Highway Safety Patrol troopers, concentrating on DUI and speed law violators, will be assigned to special enforcement details across the state during the upcoming Independence Day observance.

James L. Roberts Jr., commissioner of public safety, said an additional 800 manhours will be performed by troopers who would normally be off duty.

Their salaries are to be paid with federal funds designated for enforcement of the DUI and 55 mile per hour national maximum speed laws. Statistics recorded by the Mississippi Highway Safety Patrol for the last 20 years show the Fourth of July observance as the third deadliest holiday for producing traffic-related deaths in Mississippi.

"The special duty troopers will augment the regular enforcement manpower by more than 100 officers during the three-day period in an effort to stop the dramatic climb in highway death," Roberts said.

"We are concerned about the slaughter that is taking place out there. The fatality-producing crashes are not just occurring on main highways. An increase is also taking place on secondary roads and

city streets.

"The 41 percent increase in traffic fatalities already recorded this year, coupled with the history this holiday has for producing highway deaths, requires us to maximize the use of our troopers," Roberts said.

Acting Highway Patrol Chief D. D. Civitanovich said troopers will be working coordinated DUI enforcement details with municipal and county law enforcement officers in addition to speed limit enforcement during the 76-hour holiday period.

"We are soliciting assistance from the motoring public to help law enforcement agencies curb the steady climb of automobile fatalities in this state. We hope all drivers and occupants will wear their seat belts," Civitanovich said.

The Fourth of July observance gets underway at 6 p.m. on Thursday, July 3, and ends at midnight on Sunday, July 6.

Enforcement units are scheduled to set up special details in each of the nine Highway Patrol districts on the day of the Fourth, in separate districts on Sunday 3 and 5, and in three districts on Sunday, July 6.

Since 1966 the Fourth of July holiday period has claimed 221 lives in traffic collisions. The Thanksgiving

and Christmas holidays are recorded as the deadliest since 1966 claiming 242 and 222 lives, respectively.

Civitanovich said seven people were killed in separate automobile crashes during the 1985 Independence Day observance which

was 102 hours. Five of the seven crashes involved only one vehicle.

He said as of June 25, 1986, 354 people have been killed in vehicle accidents compared to 251 during the same time in 1985.

Water district decision delayed, county awaits study results

BY DENA BISNETTE

The Hancock County Board of Supervisors has agreed to delay action on forming a water conservation and protection district.

Gulf Regional Planning Commission Attorney Michael Haas Sr. requested the delay, which will allow the completion of a U.S. Geological Survey study being conducted on Gulf Coast water supplies.

The study is expected to be completed later this year.

The creation of the water district

was proposed to the board several months ago as a method of preserving the county's drinkable water supplies and preventing problems that could develop in the future with a dropping water table.

The district was to consist of Harrison County and Hancock County with Gulf Regional Planning Commission supplying the administrative services, but the Harrison County Board of Supervisors voted earlier this week to delay action until after the study.

According to Haas, the study may show a need to include more counties in the district.

At an earlier hearing on the matter, Andrew G. Lamonds, an associate district chief with the U.S. Geological Survey's water resources division, a water conservation district should involve additional counties using same-source water supplies.

Lamonds had recommended that at least six counties be included, if the results of the study show

that a district is needed, Haas said the Hancock and Harrison County boards can repeat the public hearing process again next year.

Also addressing the board were

L.J. Breaux and Michael Davis, both of representing Pearl River Basin Development District. Davis said the district will continue working with the U.S. Geological Survey on

the study and may be able to provide Hancock County with technical assistance if the district is considered again next year.

Charge filed, more expected in nude photo incident

BY DENA BISNETTE

A Hancock County man arrested in connection with taking nude photographs of a juvenile has been charged with contributing to the delinquency of a minor.

According to Hancock County Sheriff's Department Investigator

Delbert Seay, Michael E. Burlingame, 34, of Rt. 6, Box 621, Bay St. Louis, was jailed Friday on a \$1,000 bond.

Seay said additional charges are expected to be filed against Burlingame in connection with the incident, in which Burlingame allegedly

took nude photographs of an old boy.

Supervisors approve sandbeach master plan

BY DENA BISNETTE

The Hancock County Board of Supervisors has accepted a sandbeach protection and development master plan submitted by members of the Hancock County Sandbeach Technical Advisory Council.

John Scafide Jr., representing the council, and Jeff Taylor of South Mississippi Planning and Development District, who has assisted the council with the project, presented the board with a proposed resolution Thursday.

NASA selects contractor for support services

NASA plans to award a \$45 million contract to a Tennessee firm to provide technical support services to the National Space Technology Laboratories as well as the 18 other federal agencies located at the Hancock County facility.

Congressman Trent Lott announced the decision Friday.

The contractor is Sverdrup Technology, Inc., of Little Rock, Tenn.

The three-year contract is currently scheduled to begin in the fall of 1986 for three years. However, NASA is continuing to negotiate with Sverdrup, which could lead to \$105 million, eight-year contract, Lott Spokesperson Susan Irby.

The technical support includes test complex services for space shuttle main engines, engineering, laboratory and field services and data supply in addition to what is currently available at NSTL.

for elderly, handicapped and low-income individuals who may not have access to an attorney or who may not know whether their problem requires the assistance of one. However, everyone with a question about the law is encouraged to call.

Volunteer attorneys provide assistance

A staff of volunteer attorneys will be answering legal questions from the general public on Wednesday, July 2 from 6 to 7 p.m. at 1-374-4160 toll-free within the six southern counties of Mississippi and TTY/TDD-equipped for the deaf.

Although the number is toll-free, those calls made from a pay telephone are not and must be made collect.

This service is sponsored by the Harrison County Young Lawyers, the South Mississippi Planning and Development District's Area Agency on Aging, and South Mississippi Legal Services Corporation.

The "First Wednesday Legal Line" offers the public an opportunity to call for legal information and referral services for a specific problem. This service is especially intended

News Brief

TENNIS REGISTRATION

Registration for the Bay St. Louis Parks and Playgrounds summer tennis program will be Monday and Tuesday, June 30 and July 1 at Bay High School tennis courts beginning at 2 p.m.

The program is open to youth ages 5-12 years old and each participant must supply their own tennis racket.

in a related matter, the board discussed two problems areas on Beach Boulevard in Beat Four.

According to Beat Four Supervisor Sam Pernichiaro, a deteriorating culvert at the head of Bay Oaks Drive needs to be replaced.

Sections of the old metal culvert have already caved in and one person reported has been injured.

Pernichiaro said he is concerned that some of the people he sees standing on the culvert while crabbing will fall through a weak section and be injured.

He also reported a problem with a void under a nearby section of road, which he stated needs to be filled.

The board authorized County Engineer Larry Seal to look into both problems. Seal is expected to report on his findings at the July 7 supervisors' meeting.

In other business, the board:

—Declared Tuesday, July 1, J. Ruble Griffin Day in Hancock County;

—Arranged an onsite inspection of the Hancock Medical Center construction project with Hospital Administrator Phillip Wolfe;

—Agreed to join the recently formed Gulf Coast Council of Governments;

—Approved this year's motor vehicle assessment;

—Accepted the resignation of County Bookkeeper Elsie Kenney with regret;

—Held a public hearing on the proposed BaySide Park Fire Protection District, and approved the district after hearing no objections; and

—Authorized appraisals on property adjacent to the Beat Four ballpark on Highway 43 in Kiln because the site has been proposed for a central county barn.

The board meets again at 9 a.m. July 7.

In Babe Ruth League action

Alcan takes 14-15 title, Bay 13s to host tourney

BENNY TILLMAN

The Babe Ruth League District 6 Tournament for 13-year-olds will open in Bay St. Louis Monday and continue through Thursday.

Teams participating include Orange Grove, Bayou View, Bay St. Louis, Long Beach and Gulfport Central.

The Bay St. Louis club is hosting the games which will be played at 6 and 8 p.m. each evening at Bay High Field.

14- & 15-YEAR OLDS

Alcan Cable won a playoff tournament and took the 14- & 15-year-old Bay St. Louis Babe Ruth League championship.

They defeated Rotary 11-9 behind the relief pitching of Benny Tillman. Tillman picked up the win while Greg Schruft suffered the loss.

Ronnie Peterson drove in the winning run for Alcan, he also was 2 for 4 in the game.

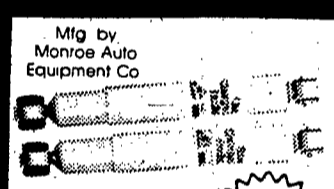

Tillman was 2 for 3. Scott Heitzmann and Greg Lander were 2 for 3 for Rotary.

Tillman also was the batting champion for the season with a .696 average.

Cedric Smith of Hancock Bank won the pitching award with a record of 4-0.

Hancock Bank finished second, Rotary third and American Legion fourth.

Clubs, Auxiliaries

VFW Auxiliary District I

Lucille Boudreaux of Bay St. Louis, District I president, Veterans of Foreign Wars Ladies Auxiliary, recently received the coveted 1985-1986 All-State District President Award.

The honor was presented to her by Department President Norma Bonney

LUCILLE BOUDREAUX

Bay native named Legion Auxiliary state president

Mrs. Gladys Bassett of Pascagoula and a former Bay St. Louis resident, is to be installed as president of the Department of Mississippi American Legion Auxiliary in Jackson on Sunday at the organization's 65th Annual Convention.

She will lead the statewide organization of more than 6,400 members in 100 units.

A native of Bay St. Louis, she is the wife of C. L. Bassett Jr., also of Pascagoula.

Mrs. Bassett is the daughter of Mrs. Henry Capdepon Sr. of Bay St. Louis and the late Mr. Capdepon who was among the founders of the American Legion.

Mr. and Mrs. Capdepon were active members of Unit 139, Bay St. Louis where Mr. Capdepon served six terms as post commander.

Retiring in 1973 as county executive director of a federal farm program in Jackson County, Mrs. Bassett ended a career of 30 years federal service.

She is a member of Our Lady of Victories Catholic Church where she served on the Parish Council and was active in the religious education program and the Legion of Mary.

She was also active in Pascagoula as a Red Cross Blood Bank Volunteer and a Singing River Hospital Volunteer.

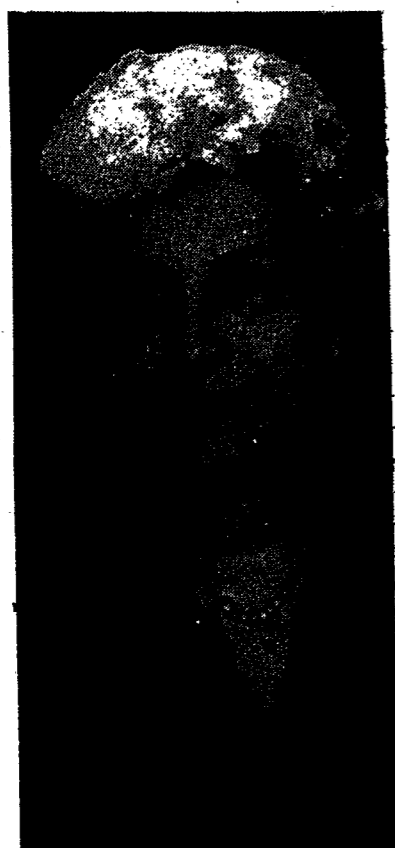

As a regular volunteer and a VA Volunteer Services representative for the American Legion Auxiliary at Biloxi VA Center, Mrs. Bassett is a member of the Volunteer Services Advisory Board at the Center.

A member of Pascagoula Unit 160 of the Auxiliary, she has served three terms as the unit president and was queen of their 1980 Carnival Ball.

Mrs. Bassett has served the Department of Mississippi as first and second vice president and historian, chairman of state committees, and is on the Girls State staff.

Active in the 8 and 40, an honorary subsidiary organization of the auxiliary, Mrs. Bassett has served on the National Committee and as Department chapeau (president).

She will be attending the auxiliary's national convention as a delegate.

GLADYS BASSETT

of Pass Christian at the 52nd annual VFW convention, Department of Mississippi in Tupelo June 20-22.

Boudreaux stressed 100 percent membership and 100 percent in reporting of the programs of the ladies auxiliary to the Veterans of Foreign Wars, Bonney noted.

Boudreaux's special programs during her term as district president July 1, 1985 to June 30, 1986 included:

- 1) Reaching out to the elderly
- 2) Child abuse through the fingerprinting program.

Patriotism In Action To Keep America Great by promoting patriotism in schools.

Boudreaux's district includes 14 auxiliaries in Biloxi, Bay St. Louis, Pascagoula, Picayune, Poplarville, Gulfport, Pearlington, Ocean Springs, Pass Christian and Kiln.

Junior Girls Units in the district are located in Gulfport, Bay St. Louis, Pascagoula and North Biloxi.

The units of Post No. 3373 and 10024 in Pascagoula could not be active because the post homes were destroyed by Hurricane Elena.

"All the auxiliaries in District I captured many awards and the district had an outstanding and very rewarding year," Boudreaux noted.

"This would not have been possible if it had not been for the support of all the posts and auxiliaries that make up District I," Boudreaux continued.

"Lee Childress of Flora, department commander, and Norma Bonney, department president, showed great leadership in their respective offices," Boudreaux added.

Participating in the award ceremonies were Past National President of the ladies auxiliary Vona Houz of Ute, Utah 1979-80; and Department President Helen Cummings of Columbus.

Houz brought greetings from greetings from National President Lucile Suchina of Houston, Texas.

Boudreaux was also national Political Action Committee coordinator for the Department of Mississippi.

Jared Freeman of Bay St. Louis, second grade student at North Bay Elementary School, won a first place state award in a coloring book contest sponsored by the auxiliary's Americanism and Youth Activity Program.

Friendship Oak Chapter, NSDAR

Mr. and Mrs. J. Ashton Majeau observed Flag Day June 14 in Diamondhead by enlisting the aid of the local Friendship Oak Chapter DAR in performing the ceremony of burning and retiring their flag which was a casualty of storm Elena.

Posters made by George and Mary Cassis were placed in strategic places to invite those in the vicinity whose flags had suffered the same fate to bring them to 7914 Hapuna Place at 3 p.m. on June 14 to join in properly disposing of their flag.

All gathered around the blazing fire (cedar kindling supplied by George Cassis).

The Diamondhead Fire Department gave a permit.

Regent Mrs. Robert C. Thomas assisted by her son Michael began the ceremony with a patriotic reading before cutting the field of blue from her large flag. In turn the 13 stripes were then cut by these 13 members and friends after they had given the appropriate reading. Mr. and Mrs. W. J. Gemmel, Mrs. Catherine Shedd, Mrs. Mary Margaret Willems, Mrs. L.B. Wallace, Mrs. Dorothy Roberts, Mr. and Mrs. George Cassis, Mr. and Mrs. Gerard Godfrey and Mr. and Mrs. Ashton Majeau.

Then one by one these pieces of the flag were placed in the flames. Gladys and Ashton's flag was next, followed by Audrey and Jerry Godfrey's.

Gladys and Ashton's new flag which had flown over our nation's Capitol was then raised on their newly restored flag pole to cheers, pledges and songs.

When the last embers had died down it was out of the heat into the cool of the Majeau's patriotically decorated entertaining areas where refreshments were served.

Gladys Majeau is a member of Spirit of '76 Chapter DAR in New Orleans.

Mrs. Marge Gemmel of Friendship Oaks Chapter got the group together.

Disabled American Veterans Auxiliary No. 50

June 14, 1966—Happy Birthday to the wonderful Flag of the United States of America. May it always wave over our country, the home of the free and the brave. It is proper and fitting to have a dedication of our Flag Ceremony on this day.

Patriotic Instructor Dr. Esther Oschmann introduced past Commander Jessie Burns and present Commander Roland Wohlschlegel to post the flag while everyone stood at attention while all eyes were focused on the Flag of the United States of America.

Then Dr. Oschmann spoke:
"Before us is the Flag of the United States of America. The red is symbolic of the blood from the hearts and wounds of the brave Americans, who, through the years have fought for their God and country.

The white signifies God's pure light which guides our great nation.

The blue is fittingly the color of heaven.

The stars are the bright diadem, crowning truth and democracy.

And the stripes illustrate the straight unswerving path down which the dedicated men and women of the Armed Forces of America have marched uprightly. The Star Spangled Banner is more than a flag.

Let us always be true to its ideals and worthy of the exalted traditions. Everyone bowed their heads while Dr. Oschmann prayed:

We thank Thee, Heavenly Father, for the beauty of symbolism which has inspired us.

For the response that warms our hearts when we look upon the beauty of our national colors. Bless our veterans and the members of their families and let us be ever mindful of their sacrifices to our country. In honoring our flag, may we build up within ourselves honor, justice and integrity of life. Bless our America and make her your own messenger of righteousness and peace. Amen.

I now dedicate this flag in the name of Chapter 50, Disabled American Veterans in memory of my husband, Major Carl L. Oschmann who was a pilot in the United States Air Force for 20 years. Just a few hours before he was to leave on a reconnaissance flight he suffered a massive heart attack and a few months later he died December 17, 1949. Now let us all join in the Pledge of Allegiance to the Flag of the United States of America.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible with liberty and justice for all.

Now I would like to turn the program over to emcee Mr. John Wilkerson, City Council of Bay St. Louis."

Mr. Wilkerson thanked everyone for inviting him. He then introduced Mayor Vic Frankiewicz, Mrs. Pauline Charing, past national president, Mr. Jessie Burns past commander and Commander Roland Wohlschlegel, Post Auxiliary Commander Evelyn Burns and Mrs. Hazel Wohlschlegel, first vice president, representing Auxiliary Commander Debbie Netto, and Mr. Hugh Sanford, DAV post adjutant.

He thanked Jessie Burns for being instrumental in obtaining the flag pole which is now in front of the DAV Post Home No. 50 on Union Street which is now fully paid for with all the work of DAV and auxiliary members, and he thanked Dr. Oschmann for donating the flag she dedicated to the Disabled American Veterans Post No. 50 in memory of her deceased husband.

Mr. Wilkerson congratulated Jessie Burns for the wonderful cleanup job around the building through the help of Supervisor Sam Perniciaro after Jessie spoke to him.

The mayor and Mr. Wilkerson looked around and promised to do more improvements. We did not serve refreshments because everyone was going to the second annual Children's Fishing Rodeo which was already in progress. The event is sponsored by Clement R. Bontemps American Legion Post 139.

The members of the auxiliary help the post in this event. Trophies were awarded to winners in various divisions.

In closing I'd like to say we all should practice Americanism and loyalty to our flag 365 days a year, not only on patriotic holidays.

SERVICE AWARD—Nell Koenen shows plaque from Mississippi Farm Bureau Federation for her untiring and devoted service as District Eight women's chairman. She was also recognized for serving as county women's chairman for several years.

Girl Scout campaign opens here Tuesday

The Annual Girl Scout Fund-Raising Campaign for local units will kick off Tuesday.

Jeannette M. Purchner, chairman for Hancock County, said, "We depend on you; friends, family, and business people of Hancock County, for you make Girl Scouting possible for your daughters and many other girls in our area."

When asked, a Girl Scout will probably tell you that Girl Scouting is making friends, exploring career possibilities and...having fun!

While these active parts of the Girl Scout Program are what she is remembering, she is also developing values, learning to relate to others, and making a significant contribution to society.

Many may assume that because Girl Scouts is a volunteer organization, the cost of operating the council must be minimal.

But with each new girl, the costs of program development, camp maintenance and financial assistance increases.

With each new adult volunteer, the costs of communication, training and staff support grow larger.

In reality, the success of Girl Scouting creates an even greater need for support.

In 1985, 8,155 girls and 2,578 adults were served in the 15-county area of the Gulf Pines Council.

It costs an average of \$45 to offer the Girl Scout Program to one

member of the Gulf Pines Council.

Product sales will raise 53 percent; United Way allocations 31 percent; program fees and related income 2 percent; and investments, gifts, sales of pins/badges and miscellaneous income 3 percent.

The remainder must come from the contributions of Girl Scout friends and families.

"Many doors will be opened to our daughters in their lifetime. The ones being opened now, in her formative years, are the most important of all. Our world is fast becoming her world...her decisions will touch our lives," Purchner continued.

"Your contribution can help us send competent and compassionate women into our community. Your gift could be the key to open the right door! Be a donor - open a door!" she added.

Annual Giving Membership Enrollment is available to all parents, friends and businesses for a contribution.

Crystal Burrows, neighborhood service team director in Hancock County, said the important thing people should know about the fund-raising campaign is that the majority of the contributions given come directly back to girls here.

"You may contribute to the Hancock County Fund Drive by contacting me at the Hancock Bank. Remember, your gift is tax deductible," Purchner stated.

Diamondhead Bridge Club

The Diamondhead Bridge Club announces its June 16 winners are:

Thomas Golding and Betty Lou Hickman, first; Marge Larson and Ida Mae Snow, second; Doris Anslow and Jan Thurov, third; and Helen Farmer and Dottie Morris, fourth.

The Diamondhead Bridge Club is an open duplicate club and welcomes all newcomers. The game is played each Monday morning at Diamondhead Community Center at 10 a.m. For information, call 255-2613.

Bill and Iare on a fixed income, so we had put off important cataract surgery. Then we learned Koskan Eye Clinic performs cataract surgery with implantation of intraocular lens at no cost to patients who have met their Medicare Part B deductible (or \$75.00). What a blessing! At our age, we didn't want to lose sight of all the beautiful things in our lives!
